SUBJECT: Additional Authorized Items for XM7/XM250/XM157

1. Program Manager, Soldier Lethality evaluated the items presented in this document for use with the XM7 Rifle, The XM7250 Automatic Rifle, and the XM157 Small Arms Fire Control. Any item present in this document is to be considered as acceptable for use with these weapon systems. Methods of procurement are: (1) NSN; (2) Base Supply Center order; (3) DLA Tailored Logistic Support; And (4) Order through Vendor POC. Number of items added since the previous list follow by category:

Arctic Kit:	9 new items
Magazine Accessories:	3 new items
Optics and Aiming:	12 new items
Slings and Sling Accessories:	2 new items
Tactical Flashlights/Buttons:	3 new items
Training	3 new items
Weapon Control:	8 new items
Weapon Storage:	3 new items

2. Units wishing to procure items not present in this list for use with the XM7/XM250/XM157, or have ideas for additional accessories to improve the function of these weapons/optic are requested to send suggestions to the following website: <https://www.peosoldier.army.mil/SEP/>

3. The point of contact is Michael Pottratz, Program Manager, Soldier Lethality, michael.d.pottratz.civ@army.mil.

1. XM7/XM250 Arctic

Accessories

The items present in the Arctic Kit were selected primarily for use in sub-zero temperatures where metal accessories will be a potential vector for causing frostbite on Soldiers. As such, these accessories are polymer/rubber in nature. These items can be used in environments other than the Arctic as needed.

Nomenclature:		CAMO FORM PROTECTIVE CAMOUFLAGE WRAP(SNOW)			
System:	XM7/XM250	Category:	Arctic Kit	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MT 19701
Color:	Snow	Battery:	NONE	Attachment Interface:	Weapon Exterior
Vendor:	U.S. Tactical Supply		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	Camo Form™ Protective Camouflage Wrap Flexible, self-cling wrap stretches to conform to any object, without affecting functional controls. Ideal for buttstocks, buffer tubes, trigger guards, forward rails other areas. Reusable—allows for easy change of camouflage patterns. Quiets clanking gear, helps prevent scratches, reduces glare and protects form dirt and debris. Improves grip and insulates hands/face from cold surfaces. Weatherproof, adhesion is not affected by immersion in water. Prevents slippage of weapons on rocks, steep terrain and other smooth surfaces. 1 Roll: 2" Wide x 144" (4 yds) Long.				
Website:	https://ustacticalsupply.com/camoformprotectivecamouflagewrap.aspx				

Nomenclature: VFG – M-LOK					
System:	XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	SKU: MS-VFGF
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	5/32" M-LOK Bolts
Vendor:	Unity Tactical		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	The Unity Tactical VFG is the perfect size Vertical Fore Grip for M-LOK rails. Its 360 degree sloping sides provide increased grip ability from all angles. It excels when used as a hand stop, but can also be employed as a straight vertical grip. Weighing in at less than 1.5oz, the Unity M-LOK Vertical Fore Grip is lightweight, low profile, and integrates directly to M-LOK rails. The unique shape creates a seamless grip flow from rail to VFG.				
Website:	https://www.unitytactical.com/product/direct-mount-vfg/				

Nomenclature:		M-LOK AFG-Angled Fore Grip			
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG598
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M-LOK Bolt
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The Magpul M-LOK AFG (Angled Fore Grip) is the result of research and refinements done to the original AFG and AFG-2. By integrating the direct-attach M-LOK mounting system with minimalist construction, we were able to produce a high strength grip that only weighs 1.2 ounces, including hardware.</p> <p>Allowing for a wider range of mounting location options, the M-LOK AFG is 3/4" shorter than the AFG-2, while maintaining a similar gripping surface area. Even though the M-LOK AFG is more compact than its predecessors, it takes into account natural body mechanics to provide a comfortable and stable user interface that reduces fatigue and allows for more precise weapon control. By positioning the shooter's hand high on the centerline of the bore, unlike conventional vertical fore grips, the M-LOK AFG helps mitigate recoil and control the weapon to facilitate faster, more accurate follow-up shots.</p>				
Website:	https://magpul.com/m-lok-afg-angled-fore-grip.html?mp_global_color=175				

Nomenclature: RAIL COVER, M-LOK, FLAT DARK EARTH					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	Tan	Battery:	NONE	Attachment Interface:	M-LOK Rail Slots
Vendor:	B5 Systems LLC.		Vendor POC:	Mark Keller	
Vendor Phone Number:	937-672-6309		Vendor Email:	mkeller@b5systems.com	
Description:	A low-profile M-LOK® Rail Cover designed to fit most machined rails and polymer handguards. The soft no slip material and ribbing provides a sure grip, providing extra traction and heat resistance. Good for use in Artic Environment to prevent heat transference from hands into the weapon.				
Website:	https://b5systems.com/rail-cover-m-lok/				

Nomenclature: M-LOK® Rail Covers, Type 1					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG602
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M-LOK Rail Slots
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	M-LOK Type 1 Rail Covers are low-profile and light weight covers that install directly onto M-LOK compatible systems. Made of an extremely heat resistant flexible material, these covers offer an enhanced gripping surface. At 9.5" in length, they cover six full M-LOK slots but can be cut for customized length or to combine colors. Includes two Covers per package.				
Website:	https://magpul.com/m-lok-rail-covers-type1.html?mp_global_color=175				

Nomenclature:		M-LOK Handstop Kit			
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG608
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	1/8" M-LOK Bolts
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The M-LOK Hand Stop Kit serves as a light weight, low-profile M-LOK slot index point for improved weapon control, or as a forward stop to prevent the shooter's hand from reaching the hot front sight assembly or muzzle.</p> <p>The kit includes one M-LOK Hand Stop, one M-LOK Index Panel, and one M-LOK Rail Cover Type 2 for the individual user to configure their kit as they desire. Also included in this kit is an adapter for use with Magpul M-LOK equipped polymer Hand Guards / Forends as well as other wider profile aluminum hand guards.</p>				
Website:	https://magpul.com/m-lok-handstop-kit.html?mp_global_color=175				

Nomenclature:		M-LOK Vertical Grip			
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	1005-01-672-0241	Part Number:	MAG597-FDE
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	1/8" M-LOK Bolts
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	The M-LOK MVG is a light weight, inexpensive vertical foregrip that attaches directly to M-LOK compatible hand guards and forends with no additional Picatinny rails required. Made from the same high quality polymer as other Magpul products, the M-LOK MVG uses the new Magpul TSP texture for positive control in all environments. With rounded contours and a shorter length, it has been optimized for use with the "thumb break method" of shooting and can also be used as a traditional vertical foregrip.				
Website:	https://magpul.com/m-lok-mvg-moe-vertical-grip.html?mp_global_color=175				

Nomenclature: AR 15 PRO MAG 40 RD Magazine Textured Rubber Enhancement Grip Kit					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	DESERT SAND TEXTURED RUBBER	Battery:	NONE	Attachment Interface:	Adhesive
Vendor:	Handleit Grips	Vendor POC:		To Be Determined	
Vendor Phone Number:	To Be Determined	Vendor Email:		To Be Determined	
Description:	TEXTURED RUBBER: OUR MOST VERSATILE GRIP MATERIAL WE OFFER AND WORKS FOR EVERYTHING. OUR TEXTURED RUBBER GRIPS HAVE OUTSTANDING GRIP BUT LESS AGGRESSIVE THAN OUR SANDPAPER MATERIAL. AVAILABLE IN BLACK, GRAY, AND DESERT SAND (LIGHT TAN NOT FDE) COLORS.				
Website:	https://www.handleitgrips.com/product-page/ar-15-pro-mag-40-rd-magazine-textured-rubber-enhancement-grip-kit				

A close-up photograph of a soldier in camouflage gear aiming an XM7 rifle. The rifle is equipped with several accessories, including a night vision device, a laser sight, and a bungee kit. The soldier's hands are visible, wearing tactical gloves. The background is a natural, outdoor setting with dry grass and leaves.

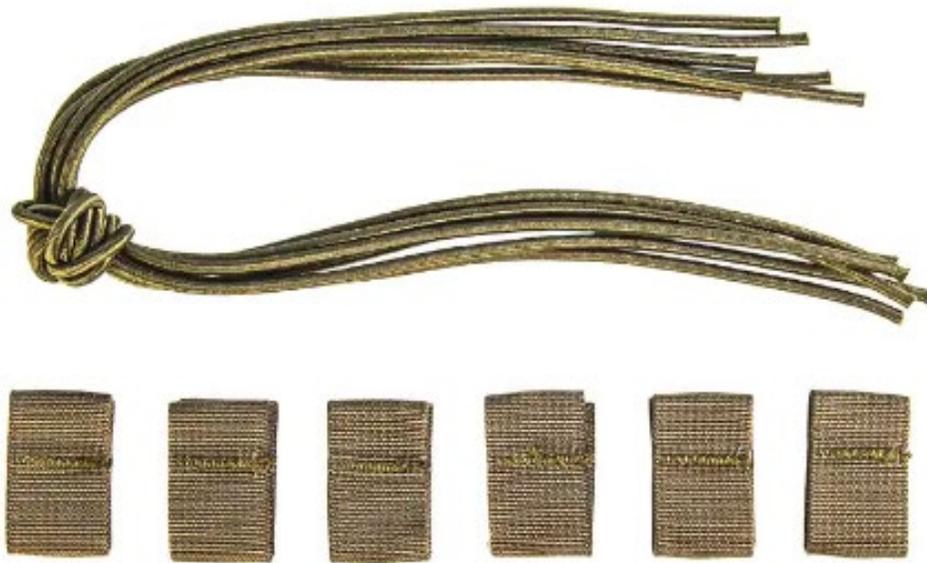

2. XM7 Magazine

Accessories

The items present as magazine accessories were selected to allow Soldiers material solutions to improve their magazine changes with the XM7. Moreover, the bungee kits allow Soldiers a method of incorporating bungee securing straps with the existing pouch designs; Providing Soldiers the ability to reconfigure their pouches to meet their mission requirements.

Nomenclature:	BFG Bungee Kit (Double Single Magazine Pouches).				
System:	XM7	Category:	Magazine Accessories	Recommended Issue Qty:	1 per Soldier
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	Part Number: BUNGEEKIT-01-TN
Color:	Coyote Brown	Battery:	NONE	Attachment Interface:	MOLLE PALLS loops
Vendor:	BFG		Vendor POC:	James Byer	
Vendor Phone Number:	912-704-5344		Vendor Email:	james@blueforcegear.com	
Description:	A unidirectional molded pull tab affixed with bungee cord designed to allow pull tabs and bungee cord to be fully replaceable by Soldier without damage or modification to pouch. Pull tab is arrow shaped for a positive grasping surface with or without tactical or cold weather gloves and can be oriented positively towards and direction needed to match the Soldiers preferred technique or side of body.				
Website:	https://www.blueforcegear.com/bungeekit-01-tn				

Nomenclature: HSGI Bungee Kit (Double Single Magazine Pouches).					
System:	XM7	Category:	Magazine Accessories	Recommended Issue Qty:	1 per Soldier
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	SKU 91BU
Color:	Coyote Brown	Battery:	NONE	Attachment Interface:	MOLLE PALLS loops
Vendor:	HSGI		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	HSGI's Bungee Retention Kit is a repair/replacement item for various HSGI products, including our TACO line. Kit includes six bungee cords and six tabs to add over-the-top retention to most pouches.				
Website:	https://www.highspeedgear.com/91bu				

Nomenclature:	Original Magpul® – 7.62 NATO, 3 Pack; FDE				
System:	XM7	Category:	Magazine Accessories	Recommended Issue Qty:	1 ea. Mag
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	MAG002
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	Slip Over End of 6.8x51mm Magazine
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	When installed on the base of a rifle magazine, the original Magpul provides improved speed and controllability during high stress, tactical magazine changes. Durable synthetic rubber loop with recessed rough gripping surface. Quick and easy installation and removal.				
Website:	https://magpul.com/originalmagpul-7-62nato-3pack.html?mp_global_color=175				

Nomenclature:	Magazine Feed Lip Width Tool				
System:	XM7	Category:	Magazine Accessories	Recommended Issue Qty:	1 per Squad
Evaluated:	18-22NOV24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	To Be Determined	Battery:	NONE	Attachment Interface:	Back edge XM7 Magazine
Vendor:	Govt. Design		Vendor POC:	Mike Pottratz	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	<p>The feed lip wear tool is designed to check the width of the feed lips, ensuring they are at the optimum location for feeding the rounds. To use it, you place it on the back of the magazine and press down on the follower. If it stops at the 'go' side, the magazine is good. If the tool goes all the way down to the 'no go' side, the magazine is defective and needs to be turned in. When the magazine is turned in, it needs to be identified in such a way as to make it undeniable that the magazine is defective and will no longer be able to be used as a magazine for a weapon. If not, the supply sergeant will see a 'good magazine' and issue it back out to another Soldier.</p>

3. XM7/XM250 Optics/

Aiming

The items present under the Optics/Aiming category were selected to provide Soldiers options in the employment of the XM157 on their weapons. Items include: Tertiary sighting systems that can be used under all conditions; An IR Flood for use with the XM157 fire control; A Small Arms Collimator to provide a rapid method of zeroing/confirming zero with the XM157; And battery storage for up to 6x CR123A batteries in a waterproof container taking up less than one MOLLE Loop's width.

Nomenclature:	Pasters 25M- Zeroing, Point of Aim, Repair (48 pk; Thermal)				
System:	XM157	Category:	Optics and Aiming	Recommended Issue Qty:	1 sheet per Squad
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	SKU: T-0042-00-004
Color:	Tan	Battery:	NONE	Attachment Interface:	Adhesive
Vendor:	IR.Tools		Vendor POC:	Thomas Boyer	
Vendor Phone Number:	(o) 443-988-0488 (c) 301-802-9835		Vendor Email:	tboyer@ir.tools	
Description:	Elevate your precision training shots for your advanced weapon sights. Our easy-to-use peel-and-stick pasters are built to excel in various shooting scenarios: Point of Aim: enhance your aiming precision; Zeroing: achieve pinpoint accuracy during calibration; And confirm zeroing: quickly verify your zero settings with ease.				
Website:	https://ir.tools/shop/targets/zeroing-targets/pasters-25m-zeroing-point-of-aim-repair/				

Nomenclature:	Pasters 25M- Zeroing, Point of Aim, Repair (48 pk; Near IR Garrison)				
System:	XM157	Category:	Optics and Aiming	Recommended Issue Qty:	1 sheet per Squad
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	SKU: T-0042-00-003
Color:	Tan	Battery:	NONE	Attachment Interface:	Adhesive
Vendor:	IR.Tools		Vendor POC:	Thomas Boyer

Description:	Elevate your precision training shots for your advanced weapon sights. Our easy-to-use peel-and-stick pasters are built to excel in various shooting scenarios: Point of Aim: enhance your aiming precision; Zeroing: achieve pinpoint accuracy during calibration; Confirm zeroing: quickly verify your zero settings with ease; And repair: fix shot holes on your targets in a flash.				
Website:	https://ir.tools/shop/targets/zeroing-targets/pasters-25m-zeroing-point-of-aim-repair/				

Nomenclature:	Cable Management System				
System:	XM157	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Optic
Evaluated:	4-8DEC23	National Stock Number:	1005-01-708-4328	Part Number:	13111591
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	T20 M-LOK Bolts Clip-on Picatinny Rail
Vendor:	Strike Industries		Vendor POC:	Howard Chien	
Vendor Phone Number:	714-557-9831		Vendor Email:	gm@strikeindustries.com	
Description:	<p>The Strike Industries Next Generation Squad Weapon (NGSW) Wire Management Kit, was handpicked by the US Army for seamless use with NGSW M-7 M-250 weapons equipped with the M-157. We are proud to contribute this to the military as their optimal solution for wire management in their NGSW program.</p> <p>The kit's Patent Pending SI Cable Management System® (CMS) provides unparalleled versatility, allowing for wire routing in 90-degrees, across, alongside, U-shape, and Z-shape configurations. Capable of accommodating wires up to 3.5mm (0.14") in diameter, this kit effectively reduces heat transfer from the rifle barrel, increasing operational safety. Users will appreciate the positive tactile feeling that enhances weapon manipulation, while its thoughtful design increases comfort, providing protection against sharp rail slot edges. Its low-profile design helps to minimize snags, ensuring your gear stays streamlined and combat-ready.</p>				
Website:	https://www.strikeindustries.com/si-ar-cms-rail.html				

Nomenclature:		Aimpoint ACRO P-2 Red Dot Reflex Sight			
System:	XM7	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	240-01-713-9510	Part Number:	Item no. 200691
Color:	Black	Battery:	1xCR2032	Attachment Interface:	Arisaka Base 6
Vendor:	Aimpoint		Vendor POC:	Thane Smith	
Vendor Phone Number:	703-263-9795 ext. 239		Vendor Email:	thane.smith@aimpoint.com	
Description:	<p>the Acro P-2™ is Miniature Red Dot Sight. This next generation sight incorporates an improved LED emitter coupled with a higher capacity CR2032 battery to provide an astonishing five years (50,000 hours) of constant-on power while getting you on target faster and more accurately with its sharp 3.5 MOA dot.</p> <p>Designed to endure the physical forces generated by semi-automatic pistol slides, the ACRO™ series was the first pistol sight to offer a fully enclosed optical channel to protect the LED emitter. Built to exceed the requirements of professional users, the Acro P-2 has been tested and proven to withstand the extreme shock, vibration, temperatures, and material stresses generated by firing over 20,000 rounds of .40 S ammunition. Will work with the Ariska MRDS optic mount with Base 6.</p>				
Website:	https://aimpoint.us/acro-p-2-red-dot-reflex-sight-3-5-moa-200691/				

Nomenclature:		Micro Standard Mount for T-2			
System:	XM7	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	Item no. 12436
Color:	Flat Dark Earth (FDE)	Battery:	1xCR2032	Attachment Interface:	Forward Controls Design PMA Mount
Vendor:	Aimpoint		Vendor POC:	Thane Smith	
Vendor Phone Number:	703-263-9795 ext. 239		Vendor Email:	thane.smith@aimpoint.com	
Description:	Micro™ Standard Mount for T-1 T-2 Kit. Used in conjunction with the Forward Controls Design Parallel Mount ACOG MRDS Mount.				
Website:	https://aimpoint.us/micro-standard-mount-for-t-1-t-2-kit/				

Nomenclature:	Micro® T-2™ Red Dot Reflex Sight - No Mount (Sniper Quick Fire Sight)				
System:	XM7	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	1240-01-600-0749	Part Number:	Item# 200180
Color:	Black	Battery:	1xCR2032	Attachment Interface:	Arisaka Base 5 T-2 Micro Standard Mount
Vendor:	Aimpoint		Vendor POC:	Thane Smith	
Vendor Phone Number:	703-263-9795 ext. 239		Vendor Email:	thane.smith@aimpoint.com	
Description:	<p>The Aimpoint® Micro T-2 red dot optic was designed for users who require an extremely rugged, lightweight, and compact sight. The Micro T-2™ optic has unmatched optical clarity and can withstand the physical abuse necessary for demanding end-users. New innovative lenses with cutting-edge reflective coatings, radically improve the shape and clarity of the 2 MOA dot. ACET technology allows 50,000 hours (over 5 years) of constant operation with one CR2032 battery on setting 8.</p> <p>The Micro T-2 optic features recessed lenses with protective flip-up lens covers. The front cover is solid and rear is transparent – allowing the user to shoot with both eyes open while the lens caps are closed in an emergency situation. Will Work with the Arisaka Defense MRDS optic mount with Base 5.</p>				
Website:	https://aimpoint.us/micro-t-2-no-mount/				

Nomenclature:	Offset Optic Mount Combo w. Baseplate 5, FDE for both Baseplate and Mount.				
System:	XM7	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	Picatinny Rail Mount
Vendor:	Arisaka Defense		Vendor POC:	Will Roberson	
Vendor Phone Number:	919-601-5625		Vendor Email:	will@arisakadefense.com	
Description:	<p>The Patented Arisaka Offset Optic Mount is a modular mounting solution that allows the user to select a 35 or 45 degree offset position for their red dot sight without additional components. The 35 degree position brings the red dot sight up closer to slimmer, smaller scopes, while the 45 degree position provides additional clearance around wider turrets.</p> <p>The mount is set to 35 or 45 degrees by reversing the stem between the optic plate and base during assembly. The mount's unique geometry correctly aligns the optic vertically over the bore and maintains a consistent height at both 35 and 45 degrees.</p> <p>Two plates are come as seperate NSN's: Base 5 (For the Aimpoint ACRO T-2); and Base 6 (for the Almpoint Micro T-2). Please verify the optic you are purchasing prior to selecting these items.</p>				
Website:	https://arisakadefense.com/offset-optic-mount-combo/

Nomenclature:		Collimator, Bore, 6.8mm			
System:	XM7/XM250	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Squad
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	Black	Battery:	1xCR2032	Attachment Interface:	6.8x51mm Barrel (XM7/XM250)
Vendor:	Telluric Arms LLC		Vendor POC:	Brad Garrett	
Vendor Phone Number:	912-342-7419 912-577-1770		Vendor Email:	info@telluricgroup.com	
Description:	<p>The SDMR Collimator Kit (6.8x51mm) is designed to work with the US Army XM7/XM250 and similar weapons with similar flash hiders or muzzle brakes. The collimator features a hybrid reticle that is optimized for use with the XM157's 1-8X variable power optic. Common Zero Position (CZP) is set to 100m. The Kit includes the collimator (complete with an LED illuminator for use in no light conditions), confidence gauge, operating instructions, and a padded, Berry-compliant pouch. They are generally in stock and ready to ship.</p> <p>Small Arms Collimators (SAC) allow you to accurately zero or confirm zero on weapon systems in under sixty seconds after changing sights, after changing weapons, after compromising zero by bumping/ dropping weapons, during pre-combat checks, or at snipers' final firing position (FFP).</p> <p>The SAC can also be used to significantly speed up the initial zero process, which not only reduces range time and ammo requirements for zeroing but also creates more time for training and leads to overall improvement in marksmanship.</p>

Nomenclature: Thyrn CellVault XL Battery Storage (FDE)					
System:	XM7/XM250	Category:	Optics and Aiming	Recommended Issue Qty:	1 per Soldier
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	SKU: CVXL004
Color:	Flat Dark Earth (FDE)	Battery:	up to 6xCR123A	Attachment Interface:	MOLLE PALLS loops
Vendor:	Thyrn		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	<p>The CellVault XL is the large version of the CellVault. Like the original CellVault, it protects batteries and other critical gear while keeping it accessible and organized. Use the integrated webbing clip to access the CellVault's contents without removing it, or you can quickly detach it for more control. The CellVault XL has twice the capacity of the original CellVault, with a removable inner divider.</p> <p>The CellVault XL easily attaches to M.O.L.L.E., webbing, and straps, and features lanyard loops at both ends, for more attachment options. It features a slim vertical profile that utilizes 1 M.O.L.L.E. webbing column, giving you more room for other gear including first aid kits, ammo, and tools.</p> <p>The CellVault XL's internal divider can keep CR123 batteries inside secure even when the CellVault XL is inverted. Just squeeze the front and back of the tube to release CR123s.</p>

4. XM7/XM250 Slings/

Sling Accessories

The items present under the Slings/Sling Accessories category were selected to provide Soldiers options for incorporating a sling with their shot process. An adjustable two-point sling is required in order for the Soldier to use the XM7/XM250 as efficiently as possible. Additional accessories in this category include:

Adjustable two-point slings; Steel M-LDK quick-detachment points; Replacement Quick-Detach Sling Swivels; Wire Loops for the Sling; Sling keepers for storage/transport of weapons with their sling attached.

Nomenclature: Magpul MS1 Padded sling (Chewbacca sling w. Nomex)					
System:	XM250	Category:	Slings and Sling Accessories	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG545
Color:	Brown/Black	Battery:	NONE	Attachment Interface:	Female Sling Quick Detachment Point
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	The MS1 Padded Sling is an optimized, dedicated two-point sling that serves equally well in a one-point role when using optional adapters. Built around our MS1 slider, this system provides rapid adjustments to either lengthen or shorten the sling with no slipping once set, and no tails, loops, or other potential snag hazards. In a two-point role, the MS1 allows easy shoulder transitions, rapid adjustability for hands free rifle carry and shooting support from various positions.

Nomenclature:	Sling Keep A				
System:	XM7/XM250	Category:	Slings and Sling Accessories	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	Part Number:Sling Keep A
Color:	Coyote Brown	Battery:	NONE	Attachment Interface:	Buttstock Sling Slot
Vendor:	Forward Controls Design		Vendor POC:	Roger Wang	
Vendor Phone Number:	214-399-7579		Vendor Email:	roger@forwardcontrolsdesign.com	
Description:	<p>Recommended for use with carbine/non-padded slings: Sling Keep A consists of a 10" long, 1/8" diameter elastic shock cord, an ITW GTSP Cordloc for adjustability, and an ITW Zipcord to cinch the ends. You're likely to find ITW components on your mil spec clothing. We want to make Sling Keep inexpensive, but that doesn't mean cutting corners by using cheap components. The supplied length of the 1/8" elastic shock cord is longer than necessary to give the user the freedom to shorten it if necessary (we trim ours to 9" for SOPMOD stocks). Our favorite place for Sling Keep on a SOPMOD stock is through the hole ahead of the stock release latch, or the horizontal slot below the stock. To prevent Sling Keep from unduly moving on the stock, it's best to loop it through a slot, or against anything that acts as a stop, and adjust its length with the Cordloc so it's always under tension.</p>				
Website:	https://www.forwardcontrolsdesign.com/Sling-Keep-A_p_97.html				

Nomenclature:	Sling Keep B				
System:	XM7/XM250	Category:	Slings and Sling Accessories	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	Part Number: Sling Keep B
Color:	Coyote Brown	Battery:	NONE	Attachment Interface:	Buttstock Sling Slot
Vendor:	Forward Controls Design		Vendor POC:	Roger Wang	
Vendor Phone Number:	214-399-7579		Vendor Email:	roger@forwardcontrolsdesign.com	
Description:	Recommended for use with wide, padded slings (e.g. SAW/M240 sling): Sling Keep B uses a 1" wide Nylon elastic, and a Ladderloc for quick adjustment. The additional width enables Sling Keep B to hold chem lights, tourniquet (Combat Application Tourniquet is available here as a bundle in a drop down menu), or bandages on the stock. As the 1" Nylon elastic webbing provides more elastic tension, a pull tab is integrated on Sling Keep B to help pull the elastic webbing clear the stock while the sling, chem light, tourniquet or bandages are being tucked in.				
Website:	https://www.forwardcontrolsdesign.com/Sling-Keep-B_p_102.html				

Nomenclature:		TWIST LOCK PUSH BUTTON SWIVEL SET W/ BASES- GTSW92			
System:	XM7/XM250	Category:	Slings and Sling Accessories	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	SKU: GTSW92
Color:	Black	Battery:	NONE	Attachment Interface:	Female Sling Quick Detachment Point
Vendor:	Grovttec		Vendor POC:	Kim Graham	
Vendor Phone Number:	503-557-4689 503-860-7551		Vendor Email:	KimG@grovttec.com	
Description:	For 1" Slings: Patented design named as a push button for its general appearance, but it operates with a lift-twist motion for superior security. Body locks around loop to eliminate any unwanted opening.				
Website:	https://grovttec.com/products/twist-lock-push-button				

5. XM7/XM250 Tactical

Flashlights/Buttons

The items present under the Tactical Flashlights/Buttons category were selected to provide Soldiers options for incorporating a tactical flashlight with their shot process.

Additional accessories in this category include: Angled

Pressure switch with M-LOK Adapter; Tactical Flashlights;

Replacement heads.

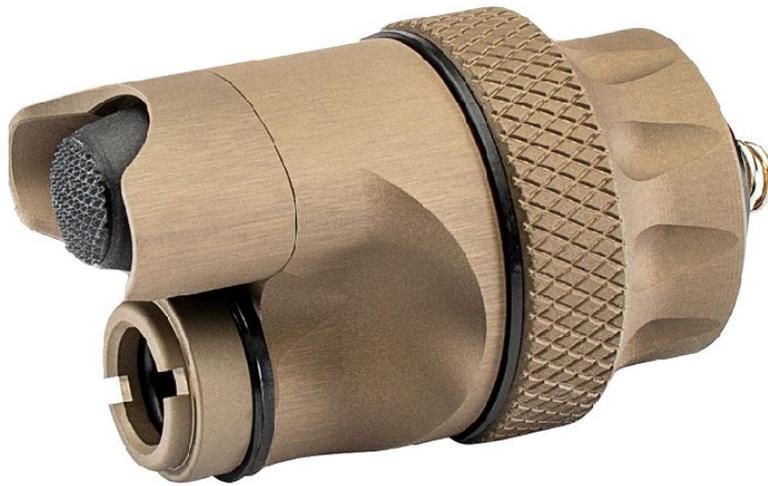

SL MLK FDE WEB 02-scale...

Nomenclature:		AXON SL M-LOK® Mounting Kit

Nomenclature:	MantisX BlackBeardX for Sig MCS SPEAR Heavy (w. Green Laser)				
System:	XM7	Category:	Training	Recommended Issue Qty:	1 per Squad
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MT-6013
Color:	Red	Battery:	USB micro	Attachment Interface:	Replacement Bolt Carrier Magazine Well
Vendor:	MantisX LLC		Vendor POC:	Nick Kearns	
Vendor Phone Number:	913-963-3896		Vendor Email:	nick@mantisx.com	
Description:	<p>The Mantis BlackbeardX combines the two most powerful training platforms available - the MantisX and the Mantis Blackbeard. Additionally, it unleashes a completely new capability that the world has never seen before: in-depth dynamic shooting analysis. BlackbeardX goes far beyond a shot timer - it includes motion-based analysis of your efficiency in a high-speed, multi-target engagement. It analyzes your economy of motion across multiple dimensions, giving you real-time feedback on where and how you can improve your dynamic shooting. Currently available for any AR-15 and Sig Sauer MCX platforms (with more models coming soon).</p>

7. XM7/XM250 Weapon

Control

The items present under the Weapon Control category were selected to provide Soldiers options for incorporation of these weapons with their individual shot processes. Additional accessories in this category include: Angled/Vertical Forward Grips; Buttstocks with integrated Quick detachment points; Cheek Risers for the B5/Magpul stocks; Adjustable precision stock for the XM250; Indexers; and M-LOK Barricade stops.

Nomenclature: VFG – M-LOK					
System:	XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	SKU: MS-VFGF
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	5/32" M-LOK Bolts
Vendor:	Unity Tactical		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	<p>The Unity Tactical VFG is the perfect size Vertical Fore Grip for M-LOK rails. Its 360 degree sloping sides provide increased grip ability from all angles. It excels when used as a hand stop, but can also be employed as a straight vertical grip. Weighing in at less than 1.5oz, the Unity M-LOK Vertical Fore Grip is lightweight, low profile, and integrates directly to M-LOK rails. The unique shape creates a seamless grip flow from rail to VFG.</p>				
Website:	https://www.unitytactical.com/product/direct-mount-vfg/				

Nomenclature: M-LOK AFG-Angled Fore Grip					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG598
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M-LOK Bolt
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The Magpul M-LOK AFG (Angled Fore Grip) is the result of research and refinements done to the original AFG and AFG-2. By integrating the direct-attach M-LOK mounting system with minimalist construction, we were able to produce a high strength grip that only weighs 1.2 ounces, including hardware.</p> <p>Allowing for a wider range of mounting location options, the M-LOK AFG is 3/4" shorter than the AFG-2, while maintaining a similar gripping surface area. Even though the M-LOK AFG is more compact than its predecessors, it takes into account natural body mechanics to provide a comfortable and stable user interface that reduces fatigue and allows for more precise weapon control. By positioning the shooter's hand high on the centerline of the bore, unlike conventional vertical fore grips, the M-LOK AFG helps mitigate recoil and control the weapon to facilitate faster, more accurate follow-up shots.</p>

Nomenclature: RAIL COVER, M-LOK, FLAT DARK EARTH					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	To Be Determined
Color:	Tan	Battery:	NONE	Attachment Interface:	M-LOK Rail Slots
Vendor:	B5 Systems LLC.		Vendor POC:	Mark Keller	
Vendor Phone Number:	937-672-6309		Vendor Email:	mkeller@b5systems.com	
Description:	A low-profile M-LOK® Rail Cover designed to fit most machined rails and polymer handguards. The soft no slip material and ribbing provides a sure grip, providing extra traction and heat resistance. Good for use in Artic Environment to prevent heat transference from hands into the weapon.				
Website:	https://b5systems.com/rail-cover-m-lok/				

Nomenclature: M-LOK® Rail Covers, Type 1					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG602
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M-LOK Rail Slots
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	M-LOK Type 1 Rail Covers are low-profile and light weight covers that install directly onto M-LOK compatible systems. Made of an extremely heat resistant flexible material, these covers offer an enhanced gripping surface. At 9.5" in length, they cover six full M-LOK slots but can be cut for customized length or to combine colors. Includes two Covers per package.

Nomenclature: M-LOK Handstop Kit					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG608
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	1/8" M-LOK Bolts
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The M-LOK Hand Stop Kit serves as a light weight, low-profile M-LOK slot index point for improved weapon control, or as a forward stop to prevent the shooter's hand from reaching the hot front sight assembly or muzzle.</p> <p>The kit includes one M-LOK Hand Stop, one M-LOK Index Panel, and one M-LOK Rail Cover Type 2 for the individual user to configure their kit as they desire. Also included in this kit is an adapter for use with Magpul M-LOK equipped polymer Hand Guards / Forends as well as other wider profile aluminum hand guards.</p>				
Website:	https://magpul.com/m-lok-handstop-kit.html?mp_global_color=175				

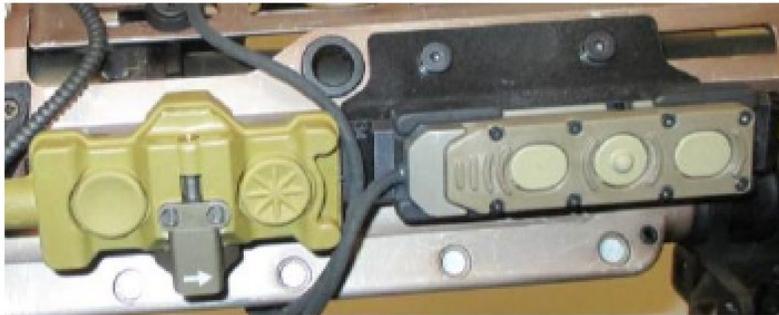

Nomenclature: M-LOK Vertical Grip					
System:	XM7/XM250	Category:	Arctic Kit Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	1005-01-672-0241	Part Number:	MAG597-FDE
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	1/8" M-LOK Bolts
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	The M-LOK MVG is a light weight, inexpensive vertical foregrip that attaches directly to M-LOK compatible hand guards and forends with no additional Picatinny rails required. Made from the same high quality polymer as other Magpul products, the M-LOK MVG uses the new Magpul TSP texture for positive control in all environments. With rounded contours and a shorter length, it has been optimized for use with the "thumb break method" of shooting and can also be used as a traditional vertical foregrip.				
Website:	https://magpul.com/m-lok-mvg-moe-vertical-grip.html?mp_global_color=175				

Nomenclature: AR 15 PRO MAG 40 RD Magazine Textured Rubber Enhancement Grip Kit

Nomenclature:		Collapsible Precision Stock, Medium			
System:	XM250	Category:	Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	1005-01-701-3527	Part Number:	To Be Determined
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M4A1 Buffer Tube Extension Male Sling Quick Detachment Point
Vendor:	B5 Systems LLC.		Vendor POC:	Mark Keller	
Vendor Phone Number:	937-672-6309		Vendor Email:	mkeller@b5systems.com	
Description:	<p>The B5 Systems Collapsible Precision Stock (CPS), Medium. Building upon the venerable cheek profile of the B5 SOPMOD and Bravo stocks, the Precision stock incorporates an adjustable cheekpiece and buttpad while fitting Mil-Spec carbine receiver extensions. Features internal tensioners, ambidextrous fixed and quick disconnect sling mounts, gross length of pull adjustment via pull down with lockout, underside M-LOK® accessory mount, and color matched hardware. The CPS Medium fully collapsed will clear the M4 charging handle.</p>				
Website:	https://b5systems.com/collapsible-precision-stock-medium/				

Nomenclature:	Dual Remote Bracket				
System:	XM250	Category:	Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	To Be Determined
Color:	Tan	Battery:	NONE	Attachment Interface:	M-LOK Bolts
Vendor:	Govt. Design		Vendor POC:	To Be Determined	
Vendor Phone Number:	To Be Determined		Vendor Email:	To Be Determined	
Description:	Bracket designed for the XM250 to allow mounting of both the XM157 and Family of Weapons Sights-Individual (FWS-I) remotes. Frees up M-LOK Space as the bracket sits over the heat vents instead of covering the M-LOK spaces.				
Website:	To Be Determined				

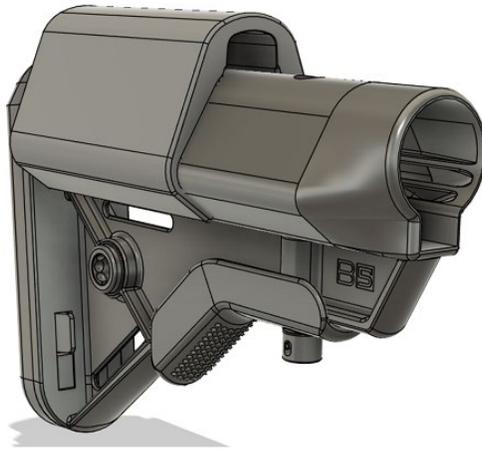

Nomenclature:		Vertical Grip M-Lok			
System:	XM250	Category:	Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	Vertical Grip M-Lok
Color:	Black	Battery:	NONE	Attachment Interface:	5/32" M-LOK Bolts
Vendor:	Arisaka Defense		Vendor POC:	Will Roberson	
Vendor Phone Number:	919-601-5625		Vendor Email:	sales@arisakadefense.com	
Description:	The Arisaka Vertical Grip is a robust, minimal grip for M-Lok handguards. It features a radiused profile at the top which tapers to meet the mounting surface on the handguard, giving a low-profile feel and ergonomic comfort. Twin mounting screws ensure secure attachment. The grip is hollow, with no end-cap.				
Website:	https://arisakadefense.com/vertical-grip-m-lok/				

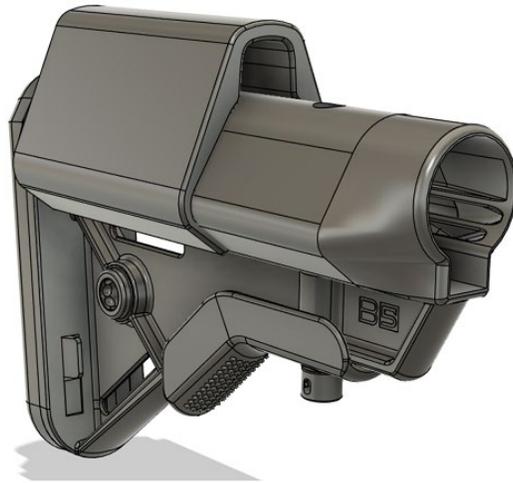

Nomenclature:		Indexer M-Lok FDE			
System:	XM7	Category:	Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	Indexer M-Lok FDE
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	T20 M-LOK Bolts
Vendor:	Arisaka Defense		Vendor POC:	Will Roberson	
Vendor Phone Number:	919-601-5625		Vendor Email:	sales@arisakadefense.com	
Description:	<p>The Arisaka Indexer is a low profile, minimal control accessory. The Indexer can be used in a variety of ways, but the main intent is to place it between two fingers (usually index and middle). This typically places it further forward on the handguard, which also means it doesn't get in the way when transitioning to kneeling or prone shooting positions, where most people move their support hand towards the rear.</p>				
Website:	https://arisakadefense.com/indexer-m-lok/				

Nomenclature: B5 Systems Barricade Stop					
System:	XM7/XM250	Category:	Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	4-8DEC23	National Stock Number:	NSN Pending	Part Number:	To Be Determined
Color:	Coyote Brown	Battery:	NONE	Attachment Interface:	1/8" M-LOK Bolts
Vendor:	B5 Systems LLC.		Vendor POC:	Mark Keller	
Vendor Phone Number:	937-672-6309		Vendor Email:	mkeller@b5systems.com	
Description:	The B5 Systems Barricade stop provides the Soldier with a lightweight, durable solution for stabilizing their weapon. The radiused back edge provides reinforcement for the 7076 aluminum barricade stop, while the knurled face provides grab to ensure that the weapon does not slide while firing.

Nomenclature:	BUTTSTOCK ASSEMBLY (TAN: B5 Bravo)				
System:	XM7/XM250	Category:	Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	1005-01-706-2510	Part Number:	UPC: 814927020078
Color:	Tan	Battery:	NONE	Attachment Interface:	M4A1 Buffer Tube Extension Male Sling Quick Detachment Point
Vendor:	B5 Systems LLC.		Vendor POC:	Mark Keller	
Vendor Phone Number:	937-672-6309		Vendor Email:	mkeller@b5systems.com	
Description:	The Bravo stock maintains the SOPMOD cheek weld, one piece anti-rotation quick disconnect sling mount, no slip cushioned buttpad, and improved sure grip stock latch. The Bravo omits the storage capability of the SOPMOD to provide a slimmer profile and angles the rear of the stock ensuring quick and consistent stock placement against the shoulder and cheek.				
Website:	https://b5systems.com/bravo-stock/				

Nomenclature: BUTTSTOCK ASSEMBLY (TAN: Magpul CTR)					
System:	XM7/XM250	Category:	Weapon Control	Recommended Issue Qty:	1 ea. Weapon
Evaluated:	4-8DEC23	National Stock Number:	1005-01-616-4923	Part Number:	MAG310
Color:	Tan	Battery:	NONE	Attachment Interface:	M4A1 Buffer Tube Extension Male Sling Quick Detachment Point
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	The Magpul CTR (Compact/Type Restricted) – Mil-Spec model is a drop-in replacement buttstock for AR15 / M16 carbines using Mil-Spec sized receiver extension tubes. Designed for light, fast action, the streamlined A-frame profile avoids snagging and shields the release latch to prevent accidental activation.				
Website:	https://magpul.com/ctr-carbine-stock-mil-spec.html?mp_global_color=175				

Nomenclature: DT Carbine Stock-Mil-Spec (FDE)					
System:	XM7/XM250	Category:	Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG1377
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	M4A1 Buffer Tube Extension Male Sling Quick Detachment Point
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The DT Carbine Stock is a drop-in replacement buttstock for AR15/M16/M4 carbines (or comparable platforms) equipped with Mil-Spec profile receiver extensions. It merges the best features of the SL® and CTR® product lines with its new dual tensioning technology, which provides greater strength and security for a more rugged and stable platform that's easy to adjust.</p> <p>The DT Stock is an A-frame style carbine stock that features an auto-engaging friction lock that's reflexive and inert during adjustment. This produces additional tension on the buffer tube, providing extra tight lockup that minimizes movement between the stock's lock pin and receiver extension. The result is increased durability in case of severe impacts and quick, smooth, and frictionless length-of-pull adjustments on the fly.</p>				
Website:	https://magpul.com/dt-carbine-stock-mil-spec.html?mp_global_color=175				

Nomenclature: Magpul CTR® 0.5" Cheek Riser (FDE)					
System:	XM7/XM250	Category:	Weapon Control	Recommended Issue Qty:	1 per Weapon
Evaluated:	15-19APR24	National Stock Number:	To Be Determined	Part Number:	MAG326
Color:	Flat Dark Earth (FDE)	Battery:	NONE	Attachment Interface:	Magpul CTR Cheekrest
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	Clip on cheek riser for CTR, MOE®, DT, and PR Carbine stocks. Raises cheek weld 1/2 inch in height. This riser is typically for use on non AR15/M4 applications as the riser will interfere with charging handle function unless the stock is fully extended. Originally designed for M14 carbine stock conversions.				
Website:	https://magpul.com/ctr-050in-cheek-riser.html?mp_global_color=175				

Nomenclature: Magpul CTR® 0.75" Cheek Riser (FDE)

Nomenclature:		DAKA Hard Case, R44			
System:	XM7	Category:	Weapons Storage	Recommended Issue Qty:	1 per Weapon
Evaluated:	18-22NOV24	National Stock Number:	To Be Determined	Part Number:	MAG1288
Color:	Black	Battery:	NONE	Attachment Interface:	DAKA Grid
Vendor:	Magpul industries		Vendor POC:	Chandler Seagraves	
Vendor Phone Number:	512-647-0246		Vendor Email:	cseagraves@magpul.com	
Description:	<p>The Magpul DAKA Hard Case, R44 fixes the many shortcomings of current hard case offerings, providing a stronger, easier-to-use, and more reliable transportation and storage system. Combined with our innovative DAKA GRID Organizer, the DAKA Hard Case creates a premium storage solution that's optimized for you and your gear, both inside and out. Streamlined, easy to maneuver, and full of usable protective space, it includes advanced features such as better latches, recessed lock housings, ergonomic handles, and dependable wheels, all in a package that provides greater protection for your important gear. The DAKA Hard Case has also removed the many potential snagging points that typically lead to case damage, ensuring it glides smoothly over most surfaces while in transit.</p> <p>Built around the uniquely customizable DAKA GRID Organizer, the R44 was designed to hold mid-length rifles and gear. It accommodates one or more rifles comfortably, along with much of the additional equipment required to travel with your firearms. As opposed to traditional foam inserts, the DAKA GRID doesn't trap moisture, dirt, or other contaminants. It's lighter, endlessly customizable, and significantly stronger than traditional foam, providing measurably better organization and protection. The DAKA GRID is made of individual Expanded Polypropylene (EPP) End Panels, Center Panels, and DAKA Blocks that nest securely together to create an advanced drop-in system that compartmentalizes your gear. The DAKA Blocks can be easily pressed into the GRID Panels and are just as easily removed and reinstalled to fit the needs of whatever you're carrying. The R44 includes 8 (eight) triple Blocks and 8 (eight) double Blocks to customize your loadout, and additional Blocks are available if needed.</p>

Description:	Versatile, flexible, and made in the USA, the Universal™ Weapons Rack (UWR®) was created with one goal in mind — to be the best weapons storage system for operational readiness. To meet this goal, the UWR has been field tested extensively by all branches of the military and exceeds OPNAVINST 5530.13C and AR 190-11, MARCORSSYSCOM, and TACOM standards. Designed to promote increased readiness for users, the UWR can store most optics and accessories completely assembled and weapons zeroed, reducing the need to transfer weapons to a different rack in the case of deployment.
